Dear students and parents,

My name is Jordan Massey, and I have the wonderful privilege of teaching 6th-8th grade Bible this year! This is my fourth year teaching Bible here at ACS. Here are a few things to help you get to know me a little better:

- I am married and have a 5-year-old son named Daniel. He is the coolest kid in the world. This is a fact.
- I am the associate pastor of Georges Creek Baptist Church in Easley, SC and lead their youth group as well.
- I grew up in Raleigh, NC where I attended a small Christian school from K4 through senior year. I hold a BA in Youth Ministry from North Greenville University. I was a youth pastor for 10 years in NC before my wife and I moved here. I also taught Bible in the same Christian school I attended for 7 years.

I love Christian education and view it as a much-needed part of our world. Teaching the Bible is my favorite thing to do, and I am excited to assist ACS in this way! I have a heart for showing students that they should not wait until they are older to start growing in their knowledge of God and His Word. However, my goal is for my students to love it. I want them to love coming to class and to love learning about the Bible. Growing in our walk with God brings joy and that is what I want my class to look like as well. I look forward to meeting everyone and diving in together.

In Christ,

Jordan Massey
